

# CCC Frontier Festival 2025

## Open Call for Foreign Artists

CCC Frontier Festival 2025 is a new creative Fringe Festival with the theme of "Frontier - The edges are more interesting than the middle. -" and the concept of "Unearthing the unknown charm of Shizuoka. Polishing. Creating. Communicating. Interacting."

The Festival is organized by Shizuoka City Cultural and Creative Industries Promotion Center (CCC). With the aim of revitalizing the region through creative industries, we have held various events such as exhibitions, seminars, workshops, and festivals. This year's festival aims to create performing arts full of the potential of the next generation, which will spread from Shizuoka City to all over the world through highly original works that are different from existing entertainment, street performances, and art festivals. Any genre of expression is acceptable. We would appreciate your help.
